- Microsoft Word
- Microsoft Outlook
- Microsoft Teams
- e2m / e-Trade System

Professional Summary

Freight Forwarding Operations Specialist with extensive expertise in ocean freight processes, shipment documentation, manifest and EDI handling, operational validation, vessel monitoring, and pre-arrival controls. Proficient in Microsoft Power Apps and AI-assisted no-code development, I leverage technology to transform operational requirements into effective digital solutions. I begin by analyzing business processes to pinpoint operational challenges, map workflows, define business rules and exceptions, and develop trackers, dashboards, validation tools, control centers, and application prototypes. My focus is on solving operational problems, using technology as a tool to enhance efficiency and effectiveness.

Experience

Import Customs Manifest Specialist

November 27, 2023 — Present

Maersk Global Service Centre · Philippines

- Ensured the timely, accurate, and compliant preparation and submission of import customs manifests for shipments arriving in Vietnam and Cambodia.
- Achieved high accuracy and timely completion of customs manifest reports.

Senior Documentation Officer / IMPEX Coordinator

August 2017 — November 24, 2023

ATR International Freight Inc · Port Area Manila

- Led end-to-end import air and sea manifest processing and submission through the e-Trade/e2m Customs System, ensuring accurate and timely customs compliance. Collaborated with international agents, airlines, shipping lines, and customs brokers to resolve documentation discrepancies, amendments, and shipment exceptions. Oversaw air export shipments from booking through cargo uplift and prepared key shipping documents, including MAWB, HAWB, commercial invoices, packing lists, export declarations, and shipping instructions. Maintained accurate shipment data and documentation while meeting time-sensitive operational and regulatory requirements.

Liaison Officer

August 2016 — May 2017

Inspira Prime International Corp. · Quezon City

- Led permit processing, renewals, registrations, and regulatory documentation with BIR, LGUs, and other government agencies. Coordinated with government offices, banks, and external stakeholders to ensure compliance and meet business requirements.

Administrative Staff

February 2016 — May 2016

Municipal Treasurers Office · Municipality of Isabel

- Optimized financial documentation, payroll administration, employee records, data entry, and treasury reporting. Ensured accuracy and confidentiality of financial, tax-related, and employee records.

Census Area Supervisor

August 1 — 31, 2026

Philippine Statistics Authority · Tacloban City, Leyte

- Led field operations and coordinated census activities to support accurate and timely data collection. Mentored and guided enumerators on data-gathering procedures and field protocols. Optimized collected data for accuracy and consistency, identifying discrepancies for timely resolution.
